

DENNIS C. VILLANUEVA, MD, FPCR, FPSVIR

Residential Address : 8 Panama Street, Vista Real Classica 1, Matandang Balara,
Quezon City, Philippines. 1119
Landline No.: +63 2 8952-4692
Mobile. No. +63-9287663990 and +639228900044
Email Address: denciosyd@yahoo.com

CURRENT POSITION :

Section Head : Vascular and Interventional Radiology
St.Luke's Medical Center, Quezon City and Global City

Active Consultant : Diagnostic Radiology
St.Luke's Medical Center, Quezon City and Global City

President : Philippine Society of Vascular and Interventional Radiology (PSVIR)

Executive Committee Member : Asia Pacific Society of Cardiovascular and
Interventional Radiology (APSCVIR)

EDUCATION

- Manila Central University , Kaloocan City.
Doctor of Medicine, 1992-1996
- University of Santo Thomas , Espana, Manila
Bachelor of Science, Major in Biology, 1988 - 1992

CERTIFICATION AND LICENSURE

- Fellow - Philippine Society of Vascular and Interventional Radiology
- Fellow – Philippine College of Radiology
- Diplomate – Philippine Board of Radiology
- Licensed physician – Philippine Medical Board

GRADUATE MEDICAL TRAINING

Fellowship : Vascular and Interventional Radiology
St. Luke's Medical Center
Quezon City, Philippines
January 1, 2003 – December 31, 2004

Pediatric Interventional Radiology
Nationwide Children's Hospital
Columbus, Ohio
2009 - 2010

Interventional Oncology Radiology
European Institute of Oncology
Milan, Italy
2005 – 2006

Residency : Diagnostic Radiology
St. Luke's Medical Center
Quezon City, Philippines
January 1999 – December 2002

Internship : Dr. Jose R Reyes Memorial Medical Center
Department of Health
Rizal Ave, Santa Cruz, Manila, Metro Manila

Other Post-graduate Trainings :

Honorary Fellowship Training in Vascular and Interventional Radiology
National University Hospital, Singapore - 2006

Training in Spine Interventional / Vertebroplasty
La Pitie-Salpetiere Hospital, Paris, France - 2006

Training in Percutaneous Image – Guided Spine Intervention
Hospital University of Geneve, Switzerland

Selective Internal Radiation Therapy using SIRSphere – Yttrium 90 microsphere for
Hepatic Malignancy
Singapore General Hospital, Singapore

MEMBERSHIP :

Philippine Society of Vascular and Interventional Radiology (PSVIR)
Asia Pacific Society of Cardiovascular and Interventional Radiology (APSCVIR)
Society of Pediatric Interventional Radiology (SPIR)
Cardiovascular and Interventional Radiology Society of Europe (CIRSE)
Asia Pacific Society of Interventional Oncology (APSIO)
Philippine College of Radiology (PCR)
Philippine Medical Association (PMA)
Quezon City Medical Association (QCMA)

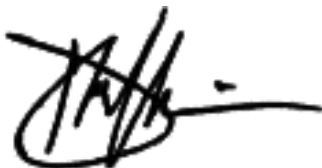

HOSPITAL AFFILIATION :

St. Luke's Medical Center Quezon City and Global City
Diliman Doctors Hospital
Delo Santos Medical Center
Jose Delgado Memorial Hospital
Fatima University Medical Center
Medcor Pasig Hospital and Medical Center

SPEAKING INVITATION :

- Vascular and Interventional Radiology Quarterly meeting- October 2006
“ Percutaneous Image-Guided Spine Intervention for Back Pain Management “
- 1st St. Luke's International Liver Conference – January 15, 2007
“ Transarterial Chemoembolization for Hepatic malignacies “
- 1st St. Luke's International Conference on Breast and Colorectal Carcinoma
“ The Role of Transarterial Chemoembolization for Hepatic Metastases“
- Philippine Society of Pulmonary Medicine Quarterly meeting – 2007
“ Reactor on Bronchial Arterial Embolization “
- Philippine Society of Pulmonary Medicine Quarterly meeting – 2007
“ Reactor on Percutaneous Image – Guided Pulmonary Mass Biopsy ”
- Philippine College of Radiology Annual Convention – February 2008
“ The Role of Mesenteric Embolization in Acute Gastrointestinal Bleeding“

- St. Luke's Medical Center, Nuclear Medicine Department Symposium
"Reactor in The role of Selective Internal Radiation Therapy Using Yttrium-90 microsphere / SirSphere in Liver metastasis.
- Pediatric Radiology Post-Graduate Course, St. Luke's Medical Center,
"Pediatric Interventional Radiology – Updates on Minimally Invasive Therapy"
- St. Luke's Medical Center, Department of Surgery – Hepatobiliary Convention – March 2015
"Management of HCC – Transarterial Chemoembolization"
- Asia Pacific Congress on Cardiovascular and Interventional Radiology (APSCVIR) April 2016
"Management of Interventional Radiologist on Gastrointestinal Bleeding" and "Uterine Artery Embolization on AVM's Post-partum Haemorrhage"
- Case Presentation : Society of Interventional Radiology Annual Convention 2016 (Vancouver, Canada) Innovation and Lessons From Around the World: Spotlight on Asia Pacific Society of Cardiovascular and Interventional Radiology (APSCVIR) – Broncho-pleuro-subcutaneous fistula secondary to ablation of bronchogenic carcinoma
- St. Luke's Medical Center Global City 6th International Cancer Symposium
The Road Less Travelled (non-colorectal GI malignancies), March 2017
"Management of Interventional Radiology in Hepatic Malignancies"
- Faculty Lecturer - 2017 Joint Annual Convention CT-MRI Society of the Philippines and Ultrasound Society of the Philippines, Fiesta Pavillon, Manila Hotel, October 5-7, 2017. 'Role of CT and MRI in Percutaneous Transhepatic Biliary Drainage".
- Faculty Lecturer and Moderator - Asia Pacific Society of Cardiovascular and Interventional Radiology Annual Scientific Meeting 2018 at Auckland, New Zealand . " Interventional Radiology Management in Gastrointestinal Bleeding"
- Faculty lecturer - The Annual Congress of Vietnamese Sub-Society of Interventional Radiology at Bachmai Hospital, Hanoi, Vietnam April 20-21, 2018. " Abdominal Interventional Radiology Management"
- Faculty lecturer - Workshop in Interventional Radiology Education Singapore 2019
Intervention for Women and Children, August 17-19 2018. "Role of Interventional Radiology in Morbidly Adherent Placenta"
- Organizer and Faculty Lecturer - Philippine Society of Vascular and Interventional Radiology Annual Conference at Marco Polo Hotel, Ortigas, Manila August 24-25, 2018. "Venous Access Device for Oncologic Patient"
- Faculty Lecturer - First Post-Graduate Course in Vascular and Interventional Radiology held at Southern Philippines Medical Center, Davao City November 10-11, 2018. "Image Guided Vascular Access Placement - The IR way"

Dennis C. Villanueva, MD, FPCR, FPSVIR
